- ◆ Total Living Space: 399 Sq ft + deck.

State of the art Cabins can be constructed to RV Park Model Specs (compliant with campgrounds & parks), or as conventional cabins to be placed on foundation or pier beams.

High end construction/amenities include wood floors, timber roofs w/ reclaimed barn wood ceiling and siding. Sierra Pacific windows, concrete or granite counter tops, frameless glass shower.

Constructed for mountain snow loads and built with SIP style panels using spray foam insulation in walls, ceilings, and floors for the highest possible R-value.

We have strived to make the most luxurious park models and cabins available on the market today. Models can be customized to meet your specific needs.
